

EVS VACANCY 2022

SCHLOSS GLARISEGG, SWITZERLAND

1 VOLUNTEERS FOR 10 MONTHS (1.02.2022 – 10.11.2022)

Description:

The European Voluntary Service is a program promoting cultural exchange and informal ways of learning. Young European people between 18 and 30 can participate. Your food and lodging, insurance, pocket money and your travel costs will be covered by the European Voluntary Service (EVS) program.

We can offer one more vacancy from February 2022 until the 30th of November 2022, starting a new application run. We are searching for you, if you are interested in permaculture, gaining practical experience during a whole season, self-sustainability and living in an intentional community.

The project is about working in the permaculture garden of our ecovillage in north-eastern Switzerland, as well as living in the ecovillage. We are an intentional community of approximately 35 adults and 15 children, situated directly between the shore of a beautiful big lake and a forest – and still close to nice cities. For further information please visit: The website of our project: www.permakultur-bodensee.ch

The website of our ecovillage: <https://gemeinschaft.schloss-glarisegg.ch>

You have the unique opportunity to participate at the EDE (Ecovillage Design Education) in Schloss Glarisegg to special conditions. The EDE is a comprehensive course in Integrative Whole Systems Design for Sustainability.

Visit: <https://www.edeglarisegg.info>

The main voluntary work within the project is about permaculture gardening. Most of your working time you will be involved in the garden, preparing beds, sowing, planting, harvesting, looking after our ducks and chickens, etc. You will experience one entire season. It is a great opportunity to learn about gardening and self-sufficiency with vegetables and permaculture.

It will be the 8th time for us to welcome volunteers and we are really looking forward to getting to know you. We have seen how volunteers profit a lot from their experiences when they stay with us. Many say that they learn a lot about themselves, about communication and about living and working together.

If you are interested, please apply with an email to: evs_glarisegg@gmx.ch
Include a short CV, some lines about your motivation, and one (or more) photos. Thank you!

Feel free to share this post with your friends, family or anyone that might be interested!
Sincerely yours, the garden team of Ecovillage Schloss Glarisegg

The project starts in February 2022 and is for 10 months. It is part of the Erasmus+ program "European Voluntary Service (EVS)". More info about the EVS program you find here: <https://scich.org/en/european-voluntary-service/>

Basic conditions offered to long-term volunteers:

- Accommodation and all meals.
- Erasmus+ Program provides health insurance and travel expenses, plus training seminars at arrival and mid-term.
- Weekly German lessons (optional)
- Pocket money
- Continuous mentoring and support since arrival and throughout all the stay.
- Final certification about the work done and competences acquired.
- The practical and logistic matters will be handled by your sending organisation. SCI Switzerland will organize all administrative matters like insurance and visa.
