You will have the opportunity to work with a large team and a very broad audience: from small children to adults. Being in a very rural environment where not everyone is sensitive to interculturality and practice a foreign language, the role of this project is fundamental for the structure to promote openness towards others and different cultures.

FUN FACTS ON FRENCH CULTURE!

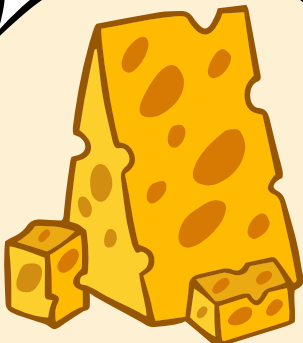

French people do the "bise"
Don't be surprised
if someone kisses you
on your cheeks
to greet you !!

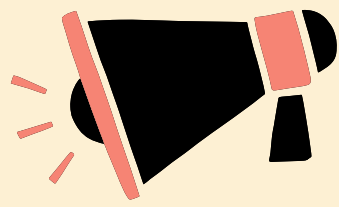

WOW

In a French household
you will eat
cheese before the dessert.

There are 1200 varieties
of cheese !!!

Don't you worry,
you will surely learn French
because French people
don't like
speaking in English !
